EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Garvey (Reg. 28,607) on 5-26-05.

The application has been amended as follows:

Claim 26, Line 7, after "to be included" delete first "in the".

Response to Arguments

2. Applicant's arguments, see remarks pages 10 and 11, filed 11-12-04, with respect to Russo (US 6,546,122) not teaching the selecting criteria of claim 1 and validation of claims 2, 23 and 24 have been fully considered and are persuasive. The rejection of claims 1-24 has been withdrawn.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: claims 1-30 are allowed because, while the prior art of record specifically Russo (US 6,546,122) teaches determination of common minutia between the plurality of two or more of the plurality of finger print data and synthesizing the two sets into one data set and in an alternative way selecting only one of the common or matching minutia to be placed in

Art Unit: 2621

the synthesized data set rather than translating one to the other (Column 12, Lines 29-34) but, Russo fails to teach selectively determining which one of the two common minutia to be placed into the synthesized data set of claims 1 and 26 combined with other features and elements of the claims; with respect to claims 2, 23 and 24 Russo teaches the limitation of the claims substantially however fails to specifically teach validating the synthetic finger print data of the claims combined with other features and elements of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
